

This form can be used to notify the Pensions and Investments Team of a change of bank details (pensioner members), address, name or partnership status.

How to complete this form

In all cases, begin by completing section 1 to confirm your personal details and the change you are informing us about. You can use this form to tell us about more than one change. You do not need a separate form. You then only need to complete the section(s) for the change(s) you want to tell us about. Once you have fully completed the correct section(s) move to section 6 'the declaration'. It's very important that you complete this form correctly and you don't forget to sign and date it. We won't be able to make the change you have requested if the form has not been completed correctly.

This form can be completed electronically if you download the form and open it in a PDF reading programme, such as Adobe Reader, instead of in your internet browser. If you are completing this form electronically, please ensure your font size does not fall below 12pt and that you do not print your signature. To sign the form in Adobe reader, you will need to create a digital ID.

Accompanying documents

If you are informing us about a change of name or partnership status, you will need to provide copies of accompany documents for security purposes (e.g. marriage certificate, birth certificate). This form explains what documents we require for each circumstance. Where possible, please send copies rather than the original.

Updating your record

To change your address or bank details, you can inform us up to 30 days in advance of the change. If you are informing us of a change in advance, please ensure you tell us in the appropriate box when we can start using your new details. In all other cases, we will make the change to your record as soon as possible. Once we receive this form, it can take up to 10 working days to update your record. Please allow for this time when you make the request.
